

Owyhee County 4-H Record Book Guidelines

Name, Age, Club, and Project MUST be on the FRONT COVER!

For uniformity to assist our record book judges, please assemble your record book in this order:

Title Page (Name, Age, Club or Clubs)

Table of Contents

Tab Involvement Report (The Involvement Report not only shows the growth of a child through their many 4-H experiences, it can later be used later as a tool for evaluation and resume building; it keeps all information in one place; and, it shows proof of education, community service, and social interaction.)

Tab 4-H Story (Total 4-H Experience)

Tab General Photos

Tab Project Records

1. Record Book
2. Project Photos
3. Project Checklist (for all animals) and CCS book or copy of pages from CCS book or other resource from which you did your seven activities. This will help the judge know more about your project activities, and aid them in asking questions during your interview evaluation.

Tab Past Years (ONLY IF your project includes the previous year, i.e. dairy heifer replacement project). Other than the Involvement Report, limit the information submitted to include only your project(s) for the current year.
