Southwest District Health plans Community Open House

Southwest District Health will hold a Community Open House on Thursday, August 30, 2018 from 4:00 p.m. to 6:00 p.m. at its Caldwell facility located at 13307 Miami Lane, Caldwell, Idaho, 83607. Staff will lead guests on a guided tour through the facility to learn about the services SWDH provides, meet the health care providers, and hear about our new partnership with Lifeways, Inc.

Southwest District Health aims to increase the community's awareness of the services provided by the health district. Tax payers contribute to the operations of our organization, and we believe it is important for them to know how we can support them, their families, and their community in achieving optimal health. Our mission is to promote the health and wellness of those who live, work, and play in southwest Idaho. When people are living to their fullest health potential and in a healthy and safe environment, they live happier, healthier, and more productive lives. "The Open House serves as an opportunity for interested persons to see firsthand the services we offer, and to meet and engage with our professional staff," Nikki Zogg, Director of Southwest District Health said.

Following the tour guests are invited to enjoy a complimentary hotdog BBQ. Everyone is welcome. Spanish speaking tour guides will be available.

Southwest District Health received a St. Luke's Community Health Improvement Fund grant and this event is sponsored in part with these grant funds.
