# INSTRUCTIONS FOR SUBMISSION OF MARINE EVENT PERMIT

1. This application must be submitted to the County Sheriff at least thirty (30) days prior to the event.
2. The application must be submitted to the Sheriff in direct charge of the waters where the event is to take place, and the designated copy must then be readily transmitted by the Sheriff to the State Boating Safety Coordinator. Other copies must be distributed as stated on the reverse side of this form.
3. Attach a section of a chart or scale drawing showing boundaries and/or courses and markers contemplated.
4. Submit a copy of the entry requirements and any special rules pertaining to equipment, rigs or procedures.
5. Attach a race schedule if more than one race is included in this application.
6. The sponsoring organization will coordinate all detailed arrangements with the Sheriff and the Area Manager of the water on which the event is taking place.
7. The application covers the marine event only. The individual or sponsoring organization must receive written permission from the agency in direct charge of the area to conduct any special activities associated with this marine event (i.e., concessions, special overnight arrangements, etc.)
8. Approval of this application will authorize the individual or sponsoring organization to conduct the marine event at the aforementioned area only. It does not give the individual or organization any exclusive rights over the general public of the area.
9. All activities by the individual or sponsoring organization under the approved application shall be conducted at the individual's or organization's own risk. The sponsoring organization or individual will accept full responsibility to ensure public safety, and to place and remove any special equipment incident to the marine event. The individual or organization will assume and at all times indemnify and save harmless the area and its employees from any liability and expense in connection with loss of life, personal injury, or property damage arising from the marine event.
10. Environmental assessment may be required for events which are likely to involve: (1) significant cumulative impacts on the environment; (2) substantial controversy because of the effects on the human environment; (3) any activity proposed in a designated or recommended "critical" habitat of an endangered species; or (4) impacts which are more than minimal on or adjacent to a public park recreation area, wildlife or waterfowl refuge or historic site. ***It is the responsibility of the applicant to notify the Coast Guard of possible environmental impacts described above. Failure to do so may delay processing the permit or cause the revocation of an issued permit.*** Notification of environmental impact shall be made to Coast Guard commands as follows: for events occurring north of Dworshak Reservoir (46 degrees, 55 minutes North Latitude), to Commanding Officer, USCG Sector Puget Sound, 1519 Alaskan Way, Bldg. #1, Seattle, Washington 98134-1192; for events occurring either on or south of Dworshak Reservoir, to Commanding Officer, USCG Sector Columbia River, 2185 SE 12th Place, Warrenton, Oregon 97146-9693.
11. The Sheriff or the United States Coast Guard reserves the right to withhold issuance of this permit or tailor the request to assure compliance of state, county, and federal law or to protect the health and general well-being of the citizens of Idaho. Failure to comply with terms of this application or the Idaho Code will be cause for revocation of the permit.
