August 3, 2020

Dear Interested Party,

During the Board of County Commissioners' July 7, 2020 meeting, the issue of discrepancies in the current ATV/OHV road closure ordinance were discussed. For example, some roads were noted as having pavement when they don't, other roads were noted as being closed for a short portion while the ordinance had a legal description of a much longer portion. The Board has decided that it is necessary for them to first clear up the discrepancies before they enter into deliberations concerning these roads.

The Board has set 1:00 pm on their August 10<sup>th</sup> agenda to look at each road and clear up the inconsistencies. This meeting is open to the public, but there will be no public comments taken at this meeting. You are receiving this letter because you previously attended the public comment meeting on these roads. You are welcome to attend to observe, or use the following information to attend via audio or video conference.
